

VIDEO/PHOTOGRAPHY

From time to time the coaches and the Club will film or take photos of your child while swimming. The coaches will use this video footage for analysis or to critique your child's technique. This method of videoing is a great way to give feedback to swimmers. Photos taken can be used for Club promotional purposes and newspaper articles. We also have photos taken at swimming meets by parents and club coaches which are used for the end of year presentation night and also from time to time on the club website.

Could you please sign this document to give approval for the club and coaches to film your child by video and for the club to take photographs for uses as stated above. Swimmers/parents will be notified if photo is to be used for an article in any publication.

Photos may be used for a promotion and or marketing also.
